

MEDICAL MUTUAL®

Everything You Need, Everywhere You Are

My Health Plan is the quick, easy and secure way to take care of all your health plan needs 24/7. In addition to viewing claims, ordering new ID cards, contacting online customer service and accessing your Medical Plan Description 24/7, My Health Plan offers:

My Care Compare

When you're logged into My Health Plan, you have access to My Care Compare, our cost comparison tool. Look up cost estimates for medical services like lab work, X-rays, MRIs and therapy. Refine your search based on location, quality, alternative treatment options and patient satisfaction.

Paperless Explanation of Benefits (EOB) Statements

After you visit the doctor's office or a hospital, an explanation of your treatment and how much it costs is available online. A digital archive of current and past EOBs keeps these important records organized and easily accessible. Along with the option to receive paperless EOBs, you can choose to opt out of receiving mailed copies. (Note: This feature is only available in select markets at this time.)

Health Assessment

Receive a complimentary personalized report that includes recommendations you can share with your provider and use to improve your health after completing this online questionnaire about your medical history and lifestyle.

Provider Search Tool

Our Find a Provider search tool allows you to search for in-network providers and medical facilities by name, specialty, gender and more.

Health and Wellness Programs

Take action to improve your health with access to programs like Weight Watchers, fitness club discounts and our tobacco-cessation program, QuitLine.

Health Resource Center

Using these healthy tools, you can be on your way to living a healthier life. View virtual health guides, which are mini videos that give you customized advice based on information you provide. Or check out the Resource Center's interactive tools and quizzes, searchable health encyclopedia and symptom checker.
